AUDITOR GENERAL**

Board of Township Commissioners  
Hanover Township  
Luzerne County  
Hanover Township, PA 18706

We have conducted a compliance audit of the Hanover Township Police Pension Plan pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report, we inquired of plan officials and evaluated supporting documentation provided by officials evidencing that the suggested corrective action has been appropriately taken. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- For the period January 1, 2023 to December 31, 2024, we determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt.
- For the period January 1, 2023 to December 31, 2024, we determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- For the period January 1, 2023 to December 31, 2024, we determined whether annual employee contributions were calculated, deducted, and deposited into the pension plan in accordance with the plan's governing document and applicable laws and regulations by testing total members' contributions on an annual basis using the rates obtained from the plan's governing document in effect for the years in the period noted and examining documents evidencing the deposit of these employee contributions into the pension plan.
- For the period January 1, 2023 to December 31, 2024, we determined that there were no benefit calculations prepared.
- We determined whether the January 1, 2023 actuarial valuation report was prepared and submitted by March 31, 2024 in accordance with Act 205 and whether selected information provided on this report is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.
- We determined whether the terms and methodologies of the issuance of pension obligation bonds by the municipality, and any restrictions, were in compliance with plan provisions and Act 205 through inquiry of plan officials and examination of supporting documentation for pension obligation bonds issued during the period January 1, 2020 to December 31, 2024.

Hanover Township contracted with an independent certified public accounting firm for annual audits of its basic financial statements which is available at the township's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Hanover Township Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objectives.

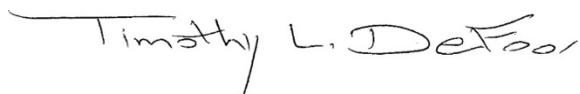

The results of our procedures indicated that, in all significant respects, the Hanover Township Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies for the periods noted above, except as noted in the following finding further discussed later in this report:

Finding – Noncompliance With Prior Recommendation – Incorrect Data  
On Certification Form AG 385 Resulting In A Net  
Underpayment Of State Aid

The finding contained in this audit report repeats a condition that was cited in our previous report that has not been corrected by township officials. We are concerned by the township's failure to correct this previously reported finding and strongly encourage timely implementation of the recommendation noted in this audit report.

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Hanover Township and, where appropriate, their responses have been included in the report. We would like to thank township officials for the cooperation extended to us during the conduct of the audit.

## BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a two percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Hanover Township Police Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 767 et seq.

The Hanover Township Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 003-2010, as amended, adopted pursuant to Act 600. The plan is also affected by the provisions of collective bargaining agreements between the township and its police officers. The plan was established December 14, 1945. Active members are required to contribute 5 percent of compensation to the plan. As of December 31, 2024, the plan had 18 active members, no terminated members eligible for vested benefits in the future, and 16 retirees receiving pension benefits from the plan.

HANOVER TOWNSHIP POLICE PENSION PLAN  
STATUS OF PRIOR FINDING

Noncompliance With Prior Recommendation

Hanover Township has not complied with the prior recommendation concerning the following as further discussed in the Finding and Recommendation section of this report:

- Incorrect Data On Certification Form AG 385 Resulting In An Underpayment Of State Aid

HANOVER TOWNSHIP POLICE PENSION PLAN  
FINDING AND RECOMMENDATION

**Finding – Noncompliance With Prior Recommendation – Incorrect Data On Certification Form AG 385 Resulting In A Net Underpayment Of State Aid**

Condition: As disclosed in the prior audit report, the township reported incorrect data on the Certification Form AG 385 filed in 2019, resulting in an underpayment of state aid in the amount of \$20,484. Although the township was subsequently reimbursed for the state aid underpayment, a similar condition occurred during the current period subject to audit.

During the current period subject to audit, the township again failed to comply with the instructions that accompanied Certification Form AG 385 to assist them in accurately reporting the required pension data and certified one ineligible police officer (2 units) and one ineligible non-uniformed employee (1 unit) on the Certification Form AG 385 filed in 2021. The township also failed to certify two eligible police officers (4 units) on the Certification Form AG 385 filed in 2022. In addition, the township failed to certify one eligible police officer (2 units) and failed to certify one eligible non-uniformed employee (1 unit) on the Certification Form AG 385 filed in 2023. Lastly, the township failed to certify one eligible police officer (2 units) on the Certification Form AG 385 filed in 2024. The data contained on these certification forms is based on prior calendar year information.

Criteria: As previously cited, pursuant to Act 205, at Section 402(e)(2), an employee who has been employed on a full-time basis for at least six consecutive months and has been participating in a pension plan during the certification year is eligible for certification. The applicable number of units attributable to each eligible recipient city, borough, incorporated town and township shall be two units for each police officer and firefighter and one unit for each employee other than police officer or firefighter.

Cause: The township experienced turnover in personnel responsible for the administration of the plan, and current plan officials lacked a thorough understanding of the Certification Form AG 385 instructions. In addition, the township failed to establish adequate internal control procedures, such as having another individual review the data certified, to ensure the accuracy of the data certified.

Effect: The data submitted on these certification forms is used, in part, to calculate the state aid due to the municipality for distribution to its pension plans. Because the township's state aid allocations were based on unit value, the township received an underpayment of state aid as identified below:

HANOVER TOWNSHIP POLICE PENSION PLAN  
FINDING AND RECOMMENDATION

**Finding – (Continued)**

<u>Year</u>	<u>Type of Plan</u>	<u>Units Overstated (Understated)</u>	<u>Unit Value</u>	<u>State Aid Overpayment (Underpayment)</u>
2021	Police	2	\$ 4,797	\$ 9,594
	Non-Uniformed	1	4,797	4,797
				<u>\$ 14,391</u>
2022	Police	(4)	\$ 5,180	\$ (20,720)
2023	Police	(2)	\$ 5,828	\$ (11,656)
	Non-Uniformed	(1)	5,828	(5,828)
				<u>\$ (17,484)</u>
2024	Police	(2)	\$ 6,292	<u>\$ (12,584)</u>
Net Underpayment of State Aid				<u>\$ (36,397)</u>

Although the additional state aid will be allocated to the township, the full amount of the 2022, 2023 and 2024 state aid allocations were not available to be deposited timely, and therefore, were not available to pay operating expenses or for investment.

Recommendation: We again recommend that in the future, plan officials establish adequate internal control procedures, such as having at least two people review the data certified, to ensure compliance with the instructions that accompany Certification Form AG 385 to assist them in accurately reporting the required pension data.

Management’s Response: Municipal officials agreed with the finding without exception.

Auditor’s Conclusion: Compliance will be evaluated during our next audit of the plan.

 SUPPLEMENTARY INFORMATION  
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan’s funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2019, is as follows:

	(1)	(2)	(3)	(4)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)
01-01-19	\$ 6,072,034	\$ 10,879,384	\$ 4,807,350	55.8%
01-01-21	11,429,976	11,721,052	291,076	97.5%
01-01-23	11,027,467	13,140,054	2,112,587	83.9%

Note: The market values of the plan’s assets at 01-01-19, 01-01-21, and 01-01-23 have been adjusted to reflect the smoothing of gains and/or losses over a five-year averaging period, which will be limited to a maximum of 120 percent and a minimum of 80 percent of the fair market value of assets. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

SUPPLEMENTARY INFORMATION  
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.
